#### **Governor Seeking Citizens for Denali Access Advisory Committee**

Governor Murkowski, State Co-chair of the Denali Commission is forming a citizen advisory committee to advise the Denali Commission on transportation needs of Alaska Native villages and rural communities. The advisory committee is authorized by Section 1960 of the new federal transportation act, SAFETEA-LU.

The committee would advise on coordinated rural surface transportation needs, and establish a list of transportation priorities on an annual basis, including funding recommendations. In doing so, the committee would facilitate the Denali Commission's work on transportation projects involving multiple regions.

The Governor will appoint 4-members who represent existing regional native corporations, native non-profit entities, or tribal governments, including one member who is a civil engineer, plus 4-members who represent rural Alaska regions or villages, including one member who is a civil engineer.

Nominations and letters of interest, including resumes, should be received by October 20, 2005 in the Office of the Governor, Boards and Commissions, P.O. Box 110001, Juneau, Alaska 99811-0001.

The application form is available at: [www.gov.state.ak.us/boards/](http://www.gov.state.ak.us/boards/).
